SUMMARY

Operations and executive support professional with 3 years of remote experience across EA, ops, and B2B research roles. Skilled in CRM management, lead generation and data enrichment, executive coordination, and AI automation workflows. Currently an AWS AI & ML Scholar taking the Agentic AI Business Professional nanodegree via Udacity.

WORK EXPERIENCES

FREELANCE TECHNICAL BUSINESS DEVELOPMENT CONSULTANT

01/2026 - 07/2026

- Provided business development support and client pipeline management.
- Developed and organized digital training materials and SOPs for La Luxe Dental, Washington, DC
- Led design and technical coding for inclusive e-learning website modules
- Implemented AI and automation workflows (n8n, GHL, Python, and JavaScript) to streamline operations

BUSINESS DEVELOPMENT INTERN

05/2026 - 08/2026

Strike Express

- Researched potential B2B brand partners and leads to expand a growing home service martial arts company
- Managed an end-to-end influencer marketing campaign, sourcing 100+ social media leads, sending targeted outreach messages, and successfully tracking 20+ active engagements
- Executed consistent outreach by sending 50+ direct messages weekly, securing a 15% average response rate
- Collaborated in over 15 weekly strategy sessions, pitching marketing and lead generation ideas to the team

DATA & RESEARCH INTERN

04/2026 - 06/2026

Orchestra

- Executed B2B lead generation and data enrichment across 4 major telecommunications campaigns.
- Conducted deep research using LinkedIn, Seamless.ai, Dun & Bradstreet, and Google to source and verify contact details for over 4,500 key decision-makers.
- Verified account details using industry platforms including AT&T Sales Express, MFast, and Facilities Check.
- Performed data scrubbing and phone verification via Zoom Phone for up to 150 leads daily, maintaining a 98% database accuracy rate.
- Managed, cleaned, and tracked large datasets containing over 8,000 contacts in Google Sheets, ensuring strict compliance with complex priority title hierarchies.

OPERATIONS LEAD

08/2025 - 11/2025

Tenkara Labs, Inc. (United States)

- Managed supply chain flows from sourcing to delivery
- Communicated with vendors, suppliers, and manufacturers to advocate for clients
- Tracked and documented everything in Google Workspace and Notion
- Used AI Tools like ChatGPT, Gemini, and Bing for deep research to streamline work
- Spotted problems before they happened and proactively came up with solutions
- Prepared reports on ops, performance, and improvement ideas

EXECUTIVE ASSISTANT

11/2023 - 08/2025

Empatho Pte. Ltd. (Singapore)

- Managed the Director's inbox, calendar, and internal communications for clients
- Maintained CRM logistics, monitored invoices, and tracked payments using Monday.com and HubSpot
- Coordinated end-to-end logistics for virtual and in-person meetings, training sessions, and internal events
- Drafted, proofread, and edited business reports, executive decks, and client emails
- Responded to time-sensitive requests with minimal supervision
- Took on multi-role responsibilities, including admin, basic accounting, and client-facing support

FREELANCE ONLINE CONTENT WRITER

03/2020 - 01/2024

- Created content for clients across different industries
- Optimized content for search engines, resulting in an increase in organic visibility and website traffic
- Collaborated with clients to scope their content needs and deliver customized solutions
